

# LIG'S MARINE CONTRACTORS PROGRAM

## THE PROGRAM

Has been designed exclusively for Marine Contractors in all states regardless of the type of work they perform. It can include an incidental amount of "dry" work.

*(If the dry work is significant, use our unique "Land & Sea" program)*

The program combines virtually all the necessary coverages for a Marine Contractor into one simple program and features a **flexible and creative** underwriting approach to allow it to be tailored to most circumstances.

## QUALIFICATIONS

WC/Longshore is written as a package in most states (except monopolistic).

All other sections are optional.

Minimum premium is  
\$10,000 – WC/USL&H  
\$10,000 – All other sections  
combined

For more information  
on this program, email

## EMPLOYEES

### WORKERS COMPENSATION/LONGSHORE

Protects workers on land and on the waterfront.  
Statutory limits are provided for the WC & Longshore.  
Up to \$1 million of Employer's Liability coverage is included.

### MARITIME EMPLOYERS LIABILITY

This provides the critical coverage for workers on non-owned or operated vessels.

An automatic limit of \$1 million is provided.

*Workers on owned/operated vessels are typically covered under Protection & Indemnity coverage as described in the liabilities section below*

## LIABILITIES

### MARINE GENERAL LIABILITY

Will ensure that all the liabilities to third parties are fully covered including Ship Repairer's Legal Liability and other Care Custody and Control endorsements as needed.

Options include Protection & Indemnity and Pollution for any owned vessels, Professional Liabilities and Excess layers up to \$100 million limit.

## PHYSICAL DAMAGE

### HULL, EQUIPMENT AND WATERFRONT PROPERTY

Can be included as and when needed.  
Limits to \$10 million and up as required.
